

Mobile Radiation and You...

Dr. Devra Lee Davis, M.P.H., Ph.D, is an internationally renowned expert in environmental health and disease prevention. As the lead of the Intergovernmental Panel on Climate Change, she was awarded the Nobel prize in 2007 jointly with Al Gore.

A Presidential appointee, she was the founding director for the world's first Center for Environmental Oncology and is now President of Environmental Health Trust, a non - profit devoted to researching and controlling avoidable environmental health threats.

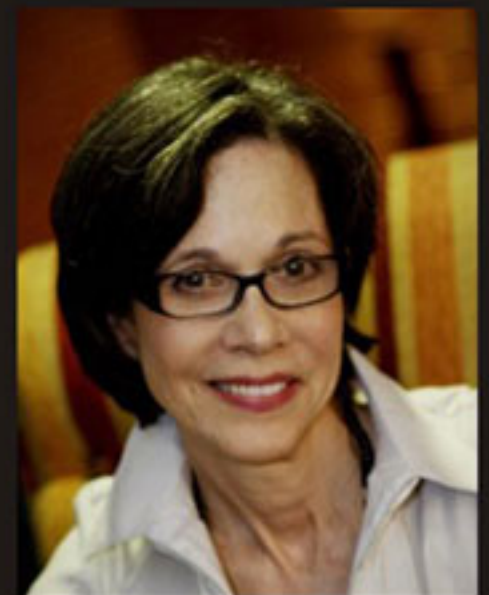

Her recent book, *Disconnect: The Truth about Cell Phone Radiation and Your Health, what the Industry has Done to Hide it, and What You Can Do to Protect your Family*, selected by TIME magazine as a top pick, provides details about cell phone radiation and your health and has been featured on FOX, CNN, CBC, BBC.

Her book, *The Secret History of the War on Cancer*, was a top pick by Newsweek and *When Smoke Ran Like Water* was a National Book Award Finalist.

A winner of the Lifetime Achievement Award from Green America, she has been a senior advisor to the UN, WHO and the World Bank.
