Institute of Forensic Science, Mumbai, established in 2009 by the Department of Higher and Technical Education of the State Government of Maharashtra, with the aim of creating a world-class curriculum in the field of Forensic Science to educate and train young minds to counter the rising crime scenario in the country.

This 2-Day Workshop aims at training students with the upcoming new technologies and understand the role of the allied industries in the field of forensic science. This will help them get hands on experience with developing tools and sessions by industry specialists.
